[DOI: 10.1063/1.3073981]

The unit of y axis in Fig. 4(b), i.e., the unit of the lifetime of internal domains should be “min” not “s”.

---

FIG. 4. Lifetime of the (a) external and (b) internal domains vs. the pulse magnitude and width. The insets in (a) and (b) are the initial radius dependence of external and internal domains, respectively.

---
